

Curriculum Vitae

Robyn Eidelman

I am 68-years old, and am married to Dave for almost 47 years, and we have lived very happily in Brackenridge for the past 11 years.

I am a retired pharmacist and have owned and managed various retail pharmacies in Johannesburg and the East Rand for 30 years.

I served for 20 years on the South African national committee representing the community pharmacy sector of my profession, 10 years of which was in a senior position on the National Executive committee. During this service, I met with the, then, South African national Minister of Health to lobby for changes in my profession.

In Bedfordview, where I used to live in a small residential estate, I was the chair person of its Home Owners' Association for 3 years. We relocated from Bedfordview to Brackenridge.

On an honorary basis, I currently run a hiking group for retirees living in Plett and Knysna. The group's membership now totals 180.

I am currently a trustee of the Brackenridge Home Owners' Association and I look forward to being of service to our members once again.
